Columbia, South Carolina 29211

RE: Application of South Carolina Electric & Gas Company for Implementation of
Time-of-Use Rates for Residential and Commercial Customer Classes
Docket No. 2007-171-E

Dear Mr. Terreni:

By letter dated March 20, 2008, South Carolina Electric & Gas Company ("SCE&G" or "Company") informed the Public Service Commission of South Carolina ("Commission") that it had conducted a review of its voluntary time-of-use electric rate offering entitled "Rate 28, Small General Service, Time-of-Use Demand" ("Rate 28") to examine whether the rate would perform as originally intended. After completing its examination, SCE&G discovered that Rate 28 would not function as intended with respect to revenue neutrality. In a subsequent letter dated March 28, 2008, the Company informed the Commission that it was evaluating various rate design options to correct the deficiency in Rate 28 and anticipated that it would submit to the Commission for approval revisions to Rate 28 or a new, voluntary time-of-use electric rate offering on or before May 30, 2008.

The purpose of this letter is to inform the Commission that SCE&G is nearing completion of its analysis of this issue. However, further evaluation and testing is required to ensure that the rate will function as intended and achieve revenue neutrality. As a result, additional time is needed by the Company to adequately complete its rate analysis; therefore, the Company will not be submitting any filing related to Rate 28 today. SCE&G expects, however, to complete its analysis and testing of Rate 28 within thirty days of the date of this letter and will submit its proposed solution addressing this issue on or before June 30, 2008.

If you have any questions or need additional information, please do not hesitate to contact us.

Very truly yours,

K. Chad Burgess

KCB/kms
